

The Twin City Art Guild was organized in 1964. In 1979 it incorporated as the Artists Guild Unlimited, Inc., a St. Mary Parish non-profit arts association promoting the humanities in order to enrich the lives of all area residents. It is administered by all volunteers.

We see AGU as the premier arts organization in St. Mary Parish offering the community a gallery, events, classes, and workshops in the humanities. Everett Street Gallery is a cultural center honoring artists and creativity. We commit to a well-managed and well-developed organization, supported and recognized by the community, the region, and the state. We support young artists, especially those seeking Arts' degrees in college.
